**WHAT ELSE IS ON THE BALLOT?**

**MAINTAINING DEMOCRATIC LEADERSHIP**  
Virginia is ground zero for the most important U.S. election in 2021. Virginia will elect a governor this year, and Democratic control of our state legislature also is on the line. Keeping Virginia blue is essential to maintaining the progress we have made over the past few years. Since Democrats regained full control of our state government in 2019 for the first time in decades, we have passed commonsense gun reforms, abolished the death penalty, expanded access to healthcare, implemented criminal justice reform, battled the coronavirus pandemic, and begun rebuilding an economy that works for everyone. *Let's keep up this progress by electing Dems this year!*

**PROTECTING THE VOTE**  
We're all sickened by the legislative efforts to disenfranchise voters, particularly voters of color, that are happening in state capitals around the country. In contrast, unlike other Southern states, Virginia has expanded access to the polls, including by introducing early voting and Sunday voting. *If you appreciate the commonsense convenience of early voting and want to see even more progress on voting rights in Virginia, it's time to elect Democrats across the ballot.*

**DEFENDING REPRODUCTIVE RIGHTS**  
Remember when Virginia was the laughingstock of the nation when our state legislature pushed a bill requiring women contemplating abortion to undergo transvaginal ultrasounds? The recent Texas abortion ban has reinvigorated the local supporters of that bill to pursue even stricter limits on women's choice. Democrats will fight to protect a woman's right to determine her own health decisions. *Your vote will ensure that all Virginians have equal access to reproductive health care.*
